Silicon . . .(AAC†, Green Pepper*)	25 mg	**
Boron(AAC†, Broccoli*)	3 mg	<2

Although calcium is a well-known nutrient for healthy bones, there is more to bone health than calcium alone. **DAILY BONE CARE™** is created by skillfully combining essential vitamins, minerals and nourishing foods which are known to promote bone health. The foods chosen are rich in nutrients and beneficial food compounds. Studies have shown that a diet rich in food compounds promotes bone health. Only Amino Acid Chelated (AAC) minerals are chosen for **DAILY BONE CARE™**. AAC minerals have higher rates of assimilation into the body compared to other forms of minerals.

Amount per Serving % Daily Value ▼
