PLUS - Vitamin E as a natural antioxidant

Other Ingredients:

Softgel (Gelatin, Water, Glycerin), Vitamin E (d-Alpha Tocopherol).

** Daily Value not established.

Scientific research confirms the important role of Omega-3 essential fatty acids in maintaining healthy blood triglyceride levels, circulatory function, healthy brain activity, as well as supporting the health of the heart, skin and joints. Since the body does not make essential fatty acids, they must be supplied by the diet. Unfortunately, the average diet does not provide enough levels of Omega-3 fatty acids for optimal health and supplementation is recommended.

DAILY OMEGA-3™ was created from pure cold-water fish to provide an excellent source and balanced ratio of the two key omega-3 fatty acids, EPA and DHA. Deficiencies in these important fatty acids may lead to a decline in health. One serving of **DAILY OMEGA-3™** provides the daily needs for maintaining healthy Omega-3 levels in the body.

Vitamin E, a protective antioxidant has also been added to maintain product freshness.

Recommended Usage: One Softgel daily, with or without food, or as recommended by your health care professional.

Do not take this product if you are using blood thinners or anticipate surgery.

Daily Omega-3™ is guaranteed to disintegrate for complete bioavailability.

Daily Omega-3™ is FREE from Corn, Dairy, Wheat and Yeast. Formulated WITHOUT Artificial Colors, Flavors, Sugars or Preservatives.

Free of GMO's based on average analysis.

Free of heavy metals and toxins based on average analysis.
